

Thank You for Contacting the Governor's Office

I am writing again in what is now going to begin the escalation of my own pursuit of justice. I am preparing lawsuits against Donald Trump and Elon Musk for their criminal conspiracy to invade our home with spying technology and to agitate our life away with a large gang of criminals that constantly drive past our house to escalate every moment of tension that can be created, identified, or stirred in our home.

As I have already explained to you office, we traveled to Spain to escape this ongoing nuisance and we were met with the fact that this is a worldwide criminal operation that is being managed from within the United States Military and national security offices of the United States of America.

I am appalled at the lack of progress that I have received from my consistent efforts to notify the government of the ongoing crimes being committed against our home. Apparently the government is absolutely powerless to stop the Freemason criminal network from spying on American citizens, following them around with a criminal gang and threatening them in any way that these criminals deem fit.

I am notifying you that your government has failed. You are the top executive responsible for the safety and security of Texas citizens and the President of the United States is running wild with a criminal scheme to spy on Texas citizens while driving them into misery with "Trump Trains" driving past private homes from morning until night.

I am absolutely horrified to learn of the real truth that is the United States in 2025. This is nothing short of a complete break down of the rule of law. I cannot express how upset I am at this point and I cannot even begin to calculate the damages that this operation has caused to us personally and financially. I strongly suspect that the Republican Party

of Texas is full of Freemason gang members and I want you all to know what the truth is of your 'benevolent' men's club: YOU ARE TERRORIZING YOUR FELLOW CITIZENS.

This is absolutely unacceptable. What choice do we have now? No law enforcement can help us? We are forced to endure the spying presence of two morally bankrupt criminals named Elon Musk and Donald Trump as they pair up to destroy our lives? I have never regretted any decision more than I do for having ever advocated for your Republican Party.

We are experiencing ongoing criminal operations that are terrorizing our home from inside of a Republican-led Presidential administration. DO SOMETHING ABOUT IT! DO SOMETHING TO ORGANIZE YOUR REPUBLICAN PARTY OF TEXAS TO PUBLICLY DENOUNCE THE CRIMINAL CONDUCT OF THE CONVICTED FELON, DONALD J. TRUMP!
